

Abraxas Youth & Family Services, a leader in the juvenile justice field, is seeking a Quality and Compliance Specialist for our Abraxas facility located in Morgantown, PA. The right candidate must have experience in a residential or non-residential treatment setting and a broad knowledge base of 3800 REGS. Please see the requirements section below for more detailed information about education and experience requirements.

Abraxas is a publicly traded company whose primary business is in the field of corrections, education, rehabilitation and treatment for adults and youth. We partner with federal, state, county and local government agencies to meet their service needs through quality and cost-efficient services and programs.

The Abraxas Academy is located five minutes off Pennsylvania Turnpike exit 298 in Morgantown, PA, and is currently licensed for 28 male sexual offender beds and 54 male habitual offender beds, with a facility capacity of 214 beds. Abraxas Academy uses a comprehensive approach in providing treatment services to residents. The program milieu and curriculum utilize the Sanctuary Model, BARJ principals, Choice Theory, Aggression Replacement Training and a cognitive distortions component. Treatment emphasis is placed on identifying and correcting potentially harmful patterns of thought, improving social skills, developing an awareness of the community and victim, and altering maladaptive behaviors.

At Abraxas compensation isn't the only reward for your talents. We also offer excellent benefit options designed to meet your health, financial, insurance, and personal needs. These benefits include medical, dental, vision and prescription drug coverage. We also offer life insurance, disability insurance, tuition assistance, a 401K plan and three weeks of paid time off.

This is not a Monday through Friday 9 am to 5 pm position. The right candidate will have to remain flexible in their schedule to ensure staff and client issues are handled in a timely manner. Responsibilities of the Quality and Compliance Specialist position include, but are not limited to:

- Ensures licensing, contractual, and accreditation compliance; in conjunction with the program director and leadership team.
- Prepares and coordinates all licensing inspections, contractual reviews, and accreditation surveys.
- Internal liaison and contact person for all licensing, contractual, and accreditation representatives
